

08:01:40 From Addy : I'm not on the HTA email. I got the email from someone else.

08:02:12 From Sandra Turner : good morning Sunshines!

08:02:31 From Mmlecio : Good morning everyone!!

08:09:31 From Shelia Turner : Will special ed teachers have classroom aides online

08:09:39 From James Walsh : yes

08:10:13 From James Walsh : what exactly that looks like is being bargained with CSEA today, but short answer, yes

08:14:29 From Fieryvon : Would we be able to teach a combo of at home and from our work site? Example: 3 days at the site and 2 days from home? Or is that something to work out with our principal?

08:14:36 From James Walsh : yes

08:14:47 From James Walsh : each day is your choice

08:18:03 From Rebecca Packard : Will attendance clerks still be phoning homes to verify absences daily?

08:18:09 From James Walsh : no

08:18:19 From James Walsh : synchronous attendance is they showed up

08:18:26 From James Walsh : asynchronous is they did the work

08:19:11 From Rozalyn Hovivian : Are Wednesdays still an early release/late start day in all of these models?

08:19:18 From James Walsh : yes

08:19:24 From Tasha Burton : What will Wednesday look like with the 100% online teaching model?

08:19:34 From Jeff Koenig : What is the modified schedule on Wednesdays?

08:19:35 From James Walsh : I think they will show that next

08:19:49 From James Walsh : after the hybrids

08:20:16 From James Walsh : essentially it looks like the other days but alternates weeks

08:20:24 From Arthur : What about PE?

08:21:16 From Tasha Burton : with the 100% online model M and TH is odd period and T and F even period but what about W?

08:21:20 From Addy : What about Friday on distance learning? Would that be professional development?

08:22:24 From James Walsh : so week 1 you are sync with odd periods Mon Wed Thur

08:22:30 From Linda Olsen : @ Arthur - If they are scheduled for a particular period , you would work with them during that time. The ed code requiring 400 min for 10 school days has been waived for this year.

08:22:36 From Tasha Burton : Thank you

08:22:44 From James Walsh : week 2 you are sync with odd periods mon thur

08:22:49 From Mmlecio : Are Wednesday minutes going to be shortened to allow us to collab?

08:23:14 From James Walsh : @Addy, not sure what you mean...

08:23:35 From Linda Olsen : @Arthur. For online PE ideas, maybe PE teachers should have a meeting similar to our training day for testing to bounce ideas

08:23:36 From James Walsh : collab will take the place of the planning/small group time

08:24:01 From Jeff Koenig : So 40 minutes per Wednesday?  
08:24:04 From D. McGinley : The week of Labor day holiday are we going to move the normal Monday block to be that Wednesday to make up and make sure its equitable for periods 1,3,5?  
08:24:15 From James Walsh : planning is 40 small group is 40  
08:24:22 From James Walsh : on Wednesday collab is 80  
08:24:25 From Paul Anthony : Try to SELL this to the kids. I think it can work well.  
08:24:28 From James Walsh : and the other two don't happen  
08:24:43 From Jessica Dykes : So how long are classes on Wednesday?  
08:25:07 From James Walsh : @D McGinley that is a great idea, that was not provided by district  
08:25:24 From James Walsh : other than the morning collab, Wednesday is same as allother days for times  
08:25:32 From Tracy Dieges : For the 1st week back do we need to go to our sites for staff meetings?  
08:25:39 From Rozalyn Hovivian : So then the second week the 1-3-5 live and then 2-4-6 not live one day and then flip the next day would start?  
08:26:06 From James Walsh : Dieges, you do not have to go to work any day  
  
08:26:11 From Whitton : Where did you send the MOU? I cannot find it in my personal or school email.  
08:26:14 From Austin Oxenreiter : I'm very confused about the synchronous, asynchronous schedule.  
08:26:24 From James Walsh : @Rozalyn exactly  
08:26:49 From James Walsh : @Austin, I have to imagine many are, can you ask this question aloud at the end?  
08:26:50 From Antonieta Vargas : @austin I am confused by the schedule as well.  
08:26:51 From Tracy Dieges : In the MOU I thought it says we need to report in? Is that not correct? What is the expectation?  
Thanks!  
08:26:55 From Erica Dillon : Has any thought been given to synchronizing elementary and secondary lunch schedules and getting siblings in elementary and secondary on the same hybrid schedules for students who are home going to school while parents work?  
08:27:02 From James Walsh : MOU is on HTA website  
08:27:10 From Angela Powell : @whitton mou is on the hta website  
08:27:34 From James Walsh : hybrid will by synchronized by household  
08:27:57 From James Walsh : so if you elementary student is group A , so would you older kids  
08:28:05 From Erica Dillon : Thanks James. Are lunch times the same for our opening model?  
08:28:16 From Tracy Dieges : What is Innovation School and who is teaching it?  
08:28:32 From Sandra Turner : Do we have a possible date to return to the classroom? San Jacinto USD is currently projecting to return to the classroom (physically) around Nov 1.  
08:28:36 From James Walsh : lunch times will vary by site  
08:28:52 From James Walsh : Tracy, she will get to that pretty soon  
08:28:57 From James Walsh : but it is helen hunt

08:29:10 From Tracy Dieges : In the MOU I thought it says we need to report in face to face? Is that not correct? What is the expectation? Thanks!

08:29:21 From James Walsh : school board voted distance until nov6th

08:29:24 From Tracy Dieges : Oops! Thank you!

08:29:35 From James Walsh : after that we go by gov order

08:29:38 From Dgheen : @Sandra Nov 6th but that will depend on the state and our numbers

08:29:51 From James Walsh : Tracy, you do not have to report to work any day

08:29:52 From Fieryvon : Why was the date of November 6th chosen? That seems so random?

08:29:54 From Karen Bost : @Sandra Riverside county is on the watch list and we must be off the list - meaning decline of COVID cases for 14 days before we can look at returning. hard to give a specific date

08:29:59 From Sandra Turner : @dgheen: Thanks

08:30:22 From Erica Dillon : But at each site the lunch for all students will be the same regardless of grade?

08:30:26 From Sandra Turner : @Karen Bost: Thank you for the clarification

08:30:33 From James Walsh : @Erica, yes

08:30:41 From James Walsh : during distance

08:31:27 From Dgheen : @Fieryvon I am not positive on why that date was picked over all the others. sorryy

08:31:43 From Linda Olsen : @Fieyvon. Yes, but November 6th is the end of Triad 2.

08:32:05 From Erica Dillon : Can the elementary teachers from Idyllwild get an invite for an elementary version of this meeting?

08:32:29 From James Walsh : the el meetings were yesterday

08:32:33 From max aragon : how will classes be monitered?

08:32:35 From James Walsh : was Idy skipped?

08:32:49 From Madina Brammer : can teachers have a flexible split schedule between working from home and school

08:32:53 From Erica Dillon : I think we just got this invite

08:32:54 From James Walsh : @max... can you elaborate?

08:33:09 From Karen Bost : The date of November 6 was given before the Governor's orders tied to being on the watch list. His orders are a mandate. that November 6 is not a firm date as it will be determined if we are off the watch list

08:33:33 From Paul Anthony : Cancun 😂

08:33:41 From James Walsh : @Medina, yes... your choice

08:34:01 From Jessica Dykes : So we could come back earlier if our county goes off the watch list and the numbers are within the parameters?

08:34:15 From max aragon : will admin be dropping into our classes?

08:34:20 From Tracy Dieges : Do we need to see the students faces during the meeting? If so what portion of the class will that be necessary? If not, how will we know that they did not just join and walk away?

08:34:31 From James Walsh : @max, yes we have to give them access

08:34:32 From Paul Anthony : Pledge of Allegiance? Should we start each class with it?

08:34:50 From Karen Bost : @Jessica if we are off the watch list that date will be determined by the Board.

08:35:05 From James Walsh : @Tracy, you as the specialist have the freedom to determine how to monitor attendance

08:35:20 From James Walsh : go guardian is a reasonable alternative

08:35:20 From Tracy Dieges : Thank you!

08:35:25 From Tasha Burton : Can we record our live classes to help with monitoring and to repost for students but also to have a record of what students post in the chat or do we have to get parent permission before we have record a live class?

08:35:42 From max aragon : thanks

08:35:46 From Dgheen : @Tasha yes you can :]

08:35:58 From Paul Anthony : Does GoGuardian work off-site?

08:36:03 From James Walsh : recording is tricky

08:36:05 From Rozalyn Hovivian : For IEP Meetings will they be trying to pull Gen Ed Teacher during asynchronous periods/your prep?

08:36:11 From James Walsh : you can for your own records

08:36:13 From Mmlecio : GoGuardian does work off site

08:36:16 From Karen Bost : @Tasha you can record yourself BUT not the students unless you have parent permission if you are going to post

08:36:28 From James Walsh : but if you post students, you must check that every one has indicated that they permit it

08:36:51 From James Walsh : @Roz, yes

08:36:58 From Rozalyn Hovivian : @Karen does that mean if we are going to record the live meeting for absent students then can we ask students to turn their camera off at that time once we have taken attendance?

08:37:00 From James Walsh : async was the stated aim

08:37:12 From Vicky Kyriss : was yesterday's union meeting recorded? At idyllwild all staff only received a middle school link

08:38:17 From Paul's iphone : I may have missed this question: what are the plans for students who do not have access to the Internet?

08:38:27 From Karen Bost : @Rozlyn you still have to monitor your students. It is best to just get permission to record.

08:38:39 From James Walsh : for all the idylwild folks. remind us and we will go over elementary schedule at end

08:38:55 From James Walsh : district has 3000 hotspots

08:39:00 From Tasha Burton : Thanks - for the answers on recording a live meeting

08:39:08 From James Walsh : but if they do not have internet, it is on us to arrange an alternative

08:39:12 From Jessica Dykes : Is there a district form to get permission to record if we want to post lessons for absent students?

08:39:22 From James Walsh : yes

08:39:30 From James Walsh : all parents fill it out at registration

08:39:38 From James Walsh : you can have a query ran for all of your students

08:39:49 From Jessica Dykes : Ok thanks @James

08:40:21 From Karen Bost : @Rozylyn it just depends as to who as access to your posts. If it goes beyond your classroom that would be the main issue. If just limited to your class you would be ok. Just let your parents and students know ahead of time at the start of the

year you will be recording.

08:40:23 From Jeff Koenig : Good point on recording permission. Remember that parents can opt-out and you will need to exclude these students from video

08:40:30 From Paul's iphone : James, by on us do you mean, for example, packets that we deliver to the house?

08:40:50 From Paul's iphone : or meet them somewhere?

08:41:00 From James Walsh : I would imagine packets could be picked up during meal distribution

08:41:01 From Stormi Dodd : What about special education assessments for IEPs? Is this being addressed. It would be very difficult to do SpEd assessments virtually.

08:41:09 From Mmlecio : So if we post the recording to our Google Classroom, do we still need parent permission?

08:41:25 From James Walsh : only if you post it for view

08:41:51 From James Walsh : DAN can you take Stormi question

08:41:53 From Angie Miller : Are SLPs and Psychs required to have a Google Classroom set up?

08:42:08 From James Walsh : angie, we don't believe so,

08:42:08 From mmcFarland : When will we have our class schedules?

08:42:13 From Mmlecio : View only shouldn't be an issue? Or do we still need parent permission?

08:42:20 From James Walsh : but it should be reviewed in your first meeting

08:42:25 From Giesela : what if a parent wants to observe a student's class online?

08:42:50 From James Walsh : schedules are based on your site...

08:43:01 From mmcFarland : what happens if parent interrupts class?

08:43:05 From James Walsh : @Mmel, explain

08:43:12 From Angela Powell : @stormi I uploaded assessment material to specific students in google classroom and held a google meet to get information I could not gather from their teachers. hope that helps

08:43:35 From James Walsh : @Giesela, going to be hard to stop them

08:43:45 From James Walsh : I would imagine there is always a parent watching every lesson

08:44:10 From James Walsh : @mcfarland, gentle warning then kick?

08:44:20 From max aragon : what was the 14 day criteria we need to meet?

08:45:02 From James Walsh : we must be off the list - meaning decline of COVID cases for 14 days

08:45:23 From max aragon : thanks

08:45:25 From Tracy Dieges : How does the district want parent communication to look like? Email, Remind, phone calls, or a combination? Is there a log we can fill out?

08:45:40 From James Walsh : that is your choice tracy

08:45:48 From James Walsh : i would log on aeries

08:46:05 From Kelly Ramirez : Will face to face testing for SLPs and Psychs be required during online only period?

08:46:07 From James Walsh : digital records are superior

08:46:09 From Tracy Dieges : Thank you!

08:46:12 From Whitton : what kind of cleaning products can we use? Will it be provided?

08:46:24 From James Walsh : will be provided yes

08:46:42 From DeAmonta : for psychs or anyone else that has to do in person testing, is this happening while we're 100% virtual or only once we transition to hybrid or full time at school?

08:46:45 From James Walsh : Kelly, great question

08:46:56 From Daniel Paight : cleaning supplies: 'red' and 'blue' tops as referenced in keenan

08:46:59 From Madina Brammer : so if students do return it will for sure start off as a hybrid schedule?

08:47:09 From James Walsh : There is no way to do that if we are on full distance, right dan/karen

08:47:12 From James Walsh : ?

08:47:29 From Tracy Dieges : Will a time be provided before we go mask to mask for us to set up our physical classrooms so that we can mark out the 6 foot distance, etc.?

08:47:33 From Karen Bost : Not certain the question James....

08:47:36 From James Walsh : @Madina, not necessarily

08:47:36 From Danielle : 5 minute passing is barely enough time to use the restroom

08:47:38 From James Walsh : but probably

08:47:52 From James Walsh : @Danielle

08:47:55 From James Walsh : agreed!!

08:47:58 From Jessica Dykes : So hybrid model means our classes will be smaller- as they are divided among days.

08:48:16 From James Walsh : they said if students need to wait outside while you clean, they would understand

08:48:27 From James Walsh : Jessica, yes

08:48:33 From Daniel Paight : if we're DL, and the sites are closed, I should think psych assessments would need to wait

08:49:02 From Kelly Ramirez : @Karen there is some confusion about the requirements for Psychs/SLPs to do in person testing. Will we be required to do in person assessments while we are online only per governors orders?

08:49:14 From Tracy Dieges : Will a time be provided before we go mask to mask for us to set up our physical classrooms so that we can mark out the 6 foot distance, etc.?

08:49:40 From James Walsh : the prep day?

08:49:41 From Linda Olsen : @ Jessica. Yes. Class is broken down into groups A,B.....

08:50:32 From Karen Bost : @Kelly no in person only while the entire District is virtual. Newsom did not want students on school grounds

08:51:24 From James Walsh : @Kelly were you here yesterday too?

08:51:28 From Kelly Ramirez : @Karen thank you for clarifying. So if we are asked to, we can refuse?

08:51:56 From Jessica Dykes : What is the protocol if a teacher tests positive? Do we have to use our sick days? What if a student tests positive in our classroom?

08:52:01 From Karen Bost : @Kelly refer back to the MOU. If it is still a problem let Jason Chrest know

08:52:06 From Kelly Ramirez : @James - yes I was. But there was some misinformation from another member that was there as well sent out so I wanted to clarify

08:52:17 From Tracy Dieges : The district have groups working

on lesson plans for the first 6 weeks.

08:52:40 From James Walsh : you are an awesome 'over achiever' :)

08:52:42 From Jeff Koenig : With presentations to take place next week

08:53:08 From James Walsh : @Jessica, there is Federal leave currently through December

08:53:08 From CHRISTY TILLEY : ELA is not creating lesson plans. We are just detailing out the skeletal structure of the year and making sure online teaching is standard based.

08:53:24 From Madina Brammer : if you need to plan an if you need to plan an absence do you follow the same procedure as before

08:53:38 From Tasha Burton : If you get COVID or someone in your household while teaching I saw in the MOU FFCRA will help you for sick leave but my question is when you come back from quarantine (14 days) and/or hospitalization (however long that is ...) will your sick leave account be drained or will it be "frozen" once you tested positive for COVID so that way when you come back you still have some sick time in your account versus having nothing and getting docked pay each time you have to take a sick day?

08:54:09 From Tracy Dieges : If people are feeling nervous about opening up the district will be having presentations next Tuesday and Thursday to roll out a syllabus, Google Classroom, and 6 weeks of lesson plans for all subjects and grades.

08:54:13 From Jeff Koenig : @Christy Good point. Math is also not creating lesson plans but we are creating the templates to frame the lesson plan work of teachers.

08:55:00 From James Walsh : @Karen, can you answer COVID/Sicktime question

08:55:19 From Karen Bost : Once you utilize the FFCRA then your sick leave will be deducted per the contract. If infected at school you may also qualify for Workers Comp.

08:55:37 From Dgheen : @Tracy thank you!

08:57:15 From Tracy Dieges : What is the protocol for if a student/teacher testes positive after they have been in contatc with others?

08:57:42 From Tasha Burton : Just to clarify - if you test positive for COVID your sick leave will not be effects and drained so you still have time when you come back?

08:57:56 From James Walsh : @Tracy, you have to report to principal and submit positive record

08:58:19 From Jessica Dykes : What if a family member tests positive, James?? Same thing?

08:58:47 From Tracy Dieges : Unit Members shall establish procedures to re-engage students who are absent from instruction. What should this look like?

08:59:00 From Karen Bost : @Tasha it will depend how long you are out and where you were exposed. FFCRA is limited to a two week time frame and is only 1x

08:59:47 From James Walsh : Karen, what is procedure when family member is positive?

09:00:38 From Tracy Dieges : Parent permissions should be available on Aeries

09:00:51 From Dgheen : @Tracy yes.

09:01:00 From Fieryvon : As far as PE goes if I want to have my students exercise and they get hurt while exercising at home.....what's the liability?

09:01:04 From CHRISTY TILLEY : Is there any kind of rule on asking students to leave their cameras on for the entirety of your class meeting?

09:01:55 From Tasha Burton : I have a question about sick leave could I un mute?

09:02:02 From James Walsh : @Christy, I get why you would want to.. I would be careful, often the reason students leave camera off is they are embarrassed by home conditions

09:02:12 From Tasha Burton : once you are done talking?

09:02:16 From James Walsh : it will be nice once meet has virtual backgrounds

09:02:22 From Tracy Dieges : Unit Members shall establish procedures to re-engage students who are absent from instruction. What should this look like?

09:02:23 From Dgheen : @Christy that is your choice as the teacher. The trainings next week will go into norms for your classroom and setting up students for success via meets.

09:02:42 From James Walsh : Tracy, I would start with a phone call

09:03:37 From Daniel Villa : Will students be required to participate in virtual school settings using a school-issued device?

09:03:55 From James Walsh : you can require this, yes

09:04:06 From Tracy Dieges : Thank you.

09:04:09 From James Walsh : they will all get a device

09:04:30 From Madina Brammer : if we record our lesson in period 2 and show that recording for period 3, is that legally acceptable?

09:04:39 From Jessica Dykes : With HIPPA laws how will we know if we contracted Covid at school?

09:04:46 From James Walsh : if it is only to your class and not public, yes

09:05:42 From Tasha Burton : thanks!

09:06:13 From Christina Maldonado : Well, some middle schools are K-8 schools. I was invited to elementary even though I am a middle school teacher.

09:06:14 From mmcfarland : How do you prove that a person picked up covid at the site? a lot of people are transmitters and have not been tested.

09:06:22 From Karen Bost : @Madina yes- just not public beyond school

09:06:45 From Karen Bost : Sorry for the confusion I do not live in a Google world

09:07:46 From Karen Bost : @mmcfarland that is where the contact tracing will come in.

09:08:02 From Whitton : Wasn't there a statement by CA that it would be assumed that teachers got COVID at school if they have contact with others?

09:08:09 From Tracy Dieges : Does the district already have all necessary PPE for when schools open mask to mask? If so when would we/students receive those items?

09:08:14 From Rebecca Packard : Will there be guidance regarding elective courses like 'leadership'? I have no idea how to plan when we cannot have activities, dances, service projects at school.

09:08:15 From Fieryvon : Sorry...gotta post my question again.....as far as PE....I want to have my students exercising. If they get hurt at home exercising for PE what is the liability?

09:08:45 From Addy : On the MOU it states  
09:08:47 From Addy : At the beginning of the 2021-2022 school year, Unit Members shall return to their position prior to the conclusion of the 2019 - 2020 school year (per Article 10 of the CBA).  
09:09:11 From Addy : Does that mean there is no transfers for the following year?  
09:09:16 From Karen Bost : Whittton that was a statement from RCOE  
09:09:35 From Jessica Dykes : Who does the contact tracing if we are positive? Do you foresee this being an issue that teachers cannot prove where they contracted it?  
09:09:53 From James Walsh : @Addy, no  
09:10:01 From James Walsh : means that next year we go back to normal rules  
09:10:13 From Karen Bost : @Jessica - Risk management will probably be the ones to look at that  
09:10:28 From Tracy Dieges : We have been asked to make sure there is an abundance of materials available for the 1st 6 weeks.  
09:10:53 From Addy : What about sped testing for individual students for IEPs?  
09:11:01 From Erica Dillon : Will subs come into our rooms if we need one? What if we are teaching from home? Does the D.O. foresee a sub shortage due to subs who may not want to work in these conditions?  
09:11:10 From CHRISTY TILLEY : So far, the best bet is to chat with a friend who taught summer school online for tips & tricks about Google Meet. Otherwise, the rest of us are learning as we go with everyone.  
09:11:11 From Turley : how do we register for the trainings next week?  
09:11:14 From Tasha Burton : What about teaching elective classes?  
09:11:17 From James Walsh : subs could work remotely as well  
09:11:18 From Rozalyn Hovivian : When should they be sending out the schedule for those trainings next week? Those have not come out yet.  
09:11:43 From Mmolecio : PDs for next week are still be finalized.  
09:12:29 From Jessica Dykes : How will subs get access to our Google Classroom LMS if we need a sub during distance learning?  
09:12:31 From CHRISTY TILLEY : Training registration is through the HUSD site  
09:13:09 From James Walsh : i would give the sub the join code  
09:13:23 From Tracy Dieges : Does the district already have all necessary PPE for when schools open mask to mask? If so when would we/students receive those items?  
09:14:12 From Dgheen : @Turley you will receive an email that you will use to register. Look for it soon the teams will be finishing up today  
09:15:07 From Rozalyn Hovivian : Are the trainings next week going to be offered more than once since it is already Thursday and we haven't been given a schedule?  
09:15:38 From Jeff Koenig : @Rozalyn we will record all sessions and make them available  
09:15:40 From Tracy Dieges : Can we use a check in for attendance on asynchrously

09:15:43 From Dgheen : @Jessica we are suggesting that you add them as a student so they can monitor :) or if you are comfortable they can be the teacher of the day.

09:15:54 From Jessica Dykes : Thank you

09:16:37 From CHRISTY TILLEY : Tamara, can you cover again how to check kids are working on async days? We do/don't see them virtually? You said something about doing an exit ticket with them on asynch days.

09:16:56 From James Walsh : async attendance is simply, did they turn it in

09:17:28 From James Walsh : PERSONALLY, I would make it due at end of period and take attendance based on who submitted

09:18:09 From Jeff Koenig : Next week trainings now available on OMS

09:19:00 From Tasha Burton : or PLUS?

09:19:06 From Mmelecio : Yearbook?

09:19:07 From Tracy Dieges : Should the 10 days of emergency plans be synchronous or anyncronous?

09:19:21 From James Walsh : both tracy

09:19:25 From D. McGinley : Anyone teaching ASB feel free to reach out to me... I would love to collab
