

08:02:12 From Kelly Walters : Thank you Bargaining Team. You did a great job!

08:03:12 From Terri Foster : if I attend this meeting do I need to attend the elementary one at 1?

08:03:24 From James Walsh : it will be the same

08:03:42 From Terri Foster : Thx

08:06:42 From Kelly Walters : Hi Karen

08:06:50 From Melissa Snow : How will attendance be taken on asynchronous days?

08:07:40 From Melissa Snow : How will alternatives options for students that don't have wifi be handed out? Will it be hard copies?

08:07:51 From James Walsh : you will give a time value to the assignments you give. Completion = attendance

08:08:08 From James Walsh : the district has hot spots

08:08:11 From Melissa Snow : Will AOI be required to keep folders/work samples?

08:08:22 From James Walsh : but if there is no internet, it is on the teacher to develop an alternative

08:08:42 From James Walsh : I believe that normal mandates for audit are still in place

08:09:04 From James Walsh : I would have to imagine there is a digital way to accomplish the folders though

08:09:37 From Melissa Snow : might be easier to do it all digitally

08:09:42 From Kelly Walters : James - we have not been allowed to have digital folders - by the state/

08:10:11 From Daniel Paight : since students will submit work through Classroom, you'll have an archive of each student's work

08:10:19 From James Walsh : Sure, but perhaps if you keep digital, office staff can print physical copies?

08:10:27 From Kelly Walters : Good point

08:10:52 From Kelly Walters : Trainings are starting on Monday

08:11:18 From James Walsh : next week training are optional but paid

08:11:23 From Kelly Walters : yes

08:11:34 From James Walsh : the week of the 11th, PD is mandatory

08:11:39 From Denise : Kelly- those are optional and paid

08:15:27 From Kelly Walters : This is actually huge!

08:15:36 From James Walsh : 22 pages

08:15:51 From Kelly Walters : And being able to stay at home to work.

08:16:06 From James Walsh : :) We thought that was very important for our members

08:16:10 From Kelly Walters : :)

08:16:23 From Kelly Walters : yes, we are

08:17:54 From Melissa Snow : Do we have a discipline system for naughty online students? Body parts on Zoom for example?

08:18:55 From James Walsh : Great question Melissa They sign the acceptable use, so they are in clear violation at that point

08:19:12 From James Walsh : I believe exact protocol would be worked out at each site

08:19:21 From Melissa Snow : Do we mute or make them leave the Meeting?

08:19:43 From Karen Bost : Melissa you should create a discipline system as you would in a physical classroom. If the student does something that totally inappropriate administration should be notified so they can handle it and to protect yourself in case other parents complain

08:23:59 From Audrey Achenbach : Per 5.1.3 I understand the onus is on the teacher to provide an alternative for any student who does not have internet access, but what can we reasonably expect that to look like as far as implementation? Drop off/pick up at the school site? At the students' homes?

08:24:26 From James Walsh : I would give the assignment over the phone if possible

08:24:50 From James Walsh : but I believe hemet learns together website will still have things that can be printed and picked up at site

08:26:08 From James Walsh : also, if you have your own thing to be picked up, that could be a solution you work out with student/parent

08:26:10 From Linda Olsen : Audrey - Depending on how they organize food distribution - we can coordinate with that if the parent comes for food.

08:26:48 From Shannah Zorn : Thank you on behalf of sped!

08:26:49 From Kelly Ramirez : Does that include psychologists and SLP?

08:27:14 From James Walsh : while we are on all distance learning

08:27:31 From James Walsh : no one does

08:27:52 From Shannah Zorn : Do we need Google page in addition to PowerSchool pages (i.e., for HHJ/FTLC/Innovation)?

08:27:56 From Terri Foster : on behalf of the preschool team, THANK YOU!

08:28:14 From Kieran Trudel : do we have to wear masks is we are working alone in our rooms?

08:28:22 From Kelly Walters : Shannah - No - we are sticking with PS per Frank

08:28:29 From Shannah Zorn : Thanks, Kelly.

08:29:09 From Todd Cassidy : What is the procedure for anyone needing to take a personal day during online learning?

08:29:12 From Karen Bost : Kieran you do not have to wear as mask if you are alone in your room. you would have to put it on if someone enters your room or you leave your classroom

08:29:30 From Kieran Trudel : thank you

08:29:43 From Karen Bost : All leave provisions per the contract are still in place regardless of the model we are in

08:29:51 From La Verne Schoonover : Are we allowed to bring our own face mask?

08:29:53 From James Walsh : @Todd, you still have the right of course, how subs work may vary at your site, which is yours

08:29:56 From James Walsh : ?

08:30:10 From Karen Bost : Yes LaVerne

08:30:21 From Todd Cassidy : HHS

08:30:38 From Kelly Ramirez : Will psychologists be asked to make Google classrooms, and if so, what content is expected? Most of our work is confidential.

08:30:43 From James Walsh : Shoot sorry Todd, me too!

08:31:16 From James Walsh : We will put in for subs :) and

likely give them info for our digital platforms

08:31:41 From Todd Cassidy : Copy that. Thanks

08:31:54 From James Walsh : @Kelly, maybe just to have generic info?...

08:32:04 From Jason Chrest : For SPED will we still be able to utilize our aides, for individual, small groups?

08:32:06 From James Walsh : like how to be reached

08:32:15 From James Walsh : yes Jason

08:32:29 From Linda Olsen : Kelly - if not answered, will bring up in Q & A. The confidentiality issue

08:32:48 From James Walsh : encouraged to have our aides take small groups from the larger ones during sync time

08:32:52 From Denise : The updated Meets has break out groups

08:33:05 From Shannah Zorn : Do we have any info re: role of aides?

08:33:13 From Dgheen : @Kelly I would maybe put out how to contact you, other useful information for families and students would benefit from.

08:33:18 From James Walsh : but will not have that feature when we start year Danelle :(

08:33:47 From James Walsh : I would say as much as possible, role of aides should be the same

08:33:58 From Shannah Zorn : Great. Thanks.

08:35:26 From James Walsh : Theoretically it could be a schedule of events for the lesson plans... write once and repeat 10 times

08:35:43 From Kelly Walters : phew

08:36:27 From James Walsh : Apologies, @Denise, enhanced Meet features will not be ready for start of school

08:37:20 From Kieran Trudel : is a google website ok in place of a google classroom? I have already created a website. my speech students are all moderate to severe and can't personally utilize a google classroom

08:37:22 From Denise : :( I thought it was going to be ready. Hopefully it won't take too long.

08:37:42 From James Walsh : You have to have the google classroom

08:37:49 From James Walsh : but it can direct to your site

08:37:52 From Kelly Walters : @Denise - at summer camp, we were told by the end of September.

08:38:18 From Denise : Your classroom can be linked to the website. The classroom can individualize student work.

08:39:15 From James Walsh : September is their hopeful, but I am betting closer to November

08:39:29 From James Walsh : Maybe by November 6th :)

08:39:55 From Kelly Walters : @James - I would hate for them to push something out that is broken. I like to wait for perfection.

08:40:19 From James Walsh : the normal meet is what it will be until added features are there

08:44:50 From James Walsh : I don't believe anyone at this meeting is beholden to those schedules. Am I right that this is all alternative sites and D.O.?

08:45:25 From Linda Olsen : Yes, James.

08:45:45 From Kelly Walters : It's cool - Tamara is getting

practice!

08:45:55 From James Walsh : :)

08:46:29 From James Walsh : Again this is when we return in person

08:46:36 From James Walsh : hybrid or full return

08:46:51 From Kelly Walters : I <3 second breakfast.

08:48:12 From Amanda Niaves : Did all schools get approved for free meals? I am at a school where kids have to pay.

08:49:42 From Amanda Niaves : For schools who piloted eating in class, were extra minutes put into the schedule for period 1 when they serve food?

08:51:46 From Kieran Trudel : what are we required to do if we can't get ahold of parents as relates service providers? this was an issue during ESY? parents didn't have email, didn't answer phone. students didn't log on for scheduled service times

08:52:28 From Andrea Walker : We are required to use Google Meet (not Zoom) for the synchronous days ... correct?

08:53:00 From Kelly Ramirez : I have a question about the phrase "members that do not have students rostered to them shall serve as a sub when one is not available" - which particular members will be expected to fulfill this?

08:53:14 From James Walsh : 11 extra minutes for breakfast

08:53:20 From James Walsh : but come from instructional minutes

08:53:53 From Kelly Walters : Yes

08:54:06 From James Walsh : must be google meet

08:54:21 From James Walsh : biggest reason is chromebooks error frequently with zoom

08:54:53 From James Walsh : for members without rosters , like perhaps elementary PE teachers, onsite TOSAs...

08:55:58 From Hollie : What is the expectation for nurses to complete hearing and vision?

08:58:05 From Kelly Ramirez : I have a question about the phrase "members that do not have students rostered to them shall serve as a sub when one is not available" - which particular members will be expected to fulfill this?

08:58:18 From James Walsh : for members without rosters , like perhaps elementary PE teachers, onsite TOSAs...

08:58:37 From Kelly Ramirez : thank you

09:00:56 From Kelly Ramirez : I asked, because as a psychologist, I don't want to be forced to become a sub simply because I don't have a "roster"

09:01:03 From Kelly Ramirez : YES

09:01:23 From Todd Cassidy : is that for PE at all levels ?

09:01:35 From James Walsh : just elementary I believe

09:03:03 From Kelly Ramirez : Do psychs need to establish a google classroom. We don't necessarily have students to invite to one.

09:04:17 From Kelly Ramirez : thank you

09:04:57 From Cvasquez : Do the District nurses need google

classroom? much of what we do with health needs is confidential?  
09:05:04 From Denise : See you later, going to other meeting now.  
09:05:32 From James Walsh : I would imagine no, for nurses, but again they will likely tell you in your first meeting  
09:05:44 From Cvasquez : Thank you James  
09:05:53 From James Walsh : is that a "home phone" Karen?  
09:06:37 From James Walsh : is it rotary? haha  
09:06:38 From Karen Bost : Yup- family lives out of state and landline works best for my mom  
09:09:30 From Kelly Walters : Our numbers went from 5,800 to 600? fantastic! LOL  
09:10:22 From Kieran Trudel : thanks so much for negotiating for us!  
09:10:23 From Audrey Achenbach : I second Kelly, thank you all so much  
09:10:35 From Audrey Achenbach : And thank you James and Linda for answering my Q's!!  
09:10:38 From Todd Cassidy : thank y'all for the information and your time.  
09:10:49 From Cvasquez : Thank you!  
09:10:49 From Kelly Walters : You guys are the best. Thank you so much for everything.  
09:11:25 From Kelly Walters : Will that come to personal or work email?  
09:11:32 From Hollie : Thanks everyone for all of your hard work!  
09:11:40 From Kelly Walters : thanks  
09:11:56 From Kelly Walters : bye, miss you.
