

13:01:04 From LBAILEY1 : Need clarification on masks:
13:02:01 From LBAILEY1 : Staff would like to know if we r on campus in our rooms, delivering lessons, by ourselves do we need to wear the masks while online with students.
13:02:31 From Daniel Paight : if you're alone? no
13:02:40 From Karen Bost : Linda that is what this meeting is for is to discuss everything in the MOU.
13:02:52 From DJames : Hi everyone
13:03:12 From DJames : good to see so many familiar and friend faces
13:05:36 From Felice Hill : I am on this beautiful boat in the San Diego Harbor. Planned an anni
13:06:34 From Kim : What
13:06:50 From Kim : What's the protocol if we need a sub?
13:07:02 From Tara George : How will the attendance be taken?
13:07:16 From Dawn Jackson : Will the meeting be recorded
13:07:48 From Kim : In the MOU, it stated that if a student didn't have access to technology, then the teacher will provide alternatives. What does this mean?
13:08:20 From Daniel Paight : it is being recorded
13:09:55 From Tara George : What happens if we are sick and can not login with our students since there is no subs? do we just provide them independent work?
13:10:07 From Dgheen : @kim Tamara will explain this in a bit :]
13:10:12 From Yvonne Sisk : How is a cohort defined?
13:10:13 From Karen Bost : @ Kim those things will be covered please hold on as we go through the MOU your questions will be addressed
13:10:16 From Daniel Paight : husd has purchased 3000 hotspots; stus w/o access would be those for whom even hotspots do not work
13:10:50 From Daniel Paight : we'll get to subs later
13:11:09 From bonnieholland : Will the 12-14 be at our sites in person?
13:11:15 From Karen Bost : @Tara that will be covered later in this discussion
13:12:00 From Charlotte Callaway : in Safety 9.4 and 9.7.1, clear plastic dividers and PPE are provided but it says "as available," what does this mean?
13:12:09 From Ryan Packham : what are they looking for when they say we need two weeks worth of emergency sub plans? Its going to be tough enough to get our weekly work planned.
13:12:32 From Dgheen : @ Ryan she will explain during the meeting
13:13:11 From Dgheen : @Charlotte we will share what ppe's will be available later in the meeting :]
13:13:20 From Carol : For those that want to be considered to be a teacher for the virtual academy (if it is offered) who do we turn our medically verified letter to?
13:13:48 From Kirsten : Can we started earlier than our regular school time? Winchester School is starting school close to 9am
13:15:26 From Karen Bost : @ Carol please talk with jason Chrest. There is a process to request accomodations (need to be written in a particular way) and then there will need to be an interactive meeting and you should have representation. The note gets

turned in to HR

13:15:50 From Daniel Paight : carol, I would expect directions about such paperwork would be specified at the time the positions are flown

13:15:54 From Karen Bost : @ Kirsten this is a sample

13:15:55 From bonnieholland : the first 20 min. of school is without students?

13:16:25 From Daniel Paight : bonnie: correct

13:16:43 From Dgheen : @Bonnie yes it is a planning time to organize posts ect. for the day

13:17:04 From bonnieholland : Thank you

13:18:03 From Daniel Paight : yvonne: answer your question?

13:18:04 From Becky Trench : Is there any guidance for schedules for those teaching a split class?

13:18:25 From Yvonne Sisk : Dan: Yes

13:20:06 From Ms. Hernandez : Will teachers have a standard class size? Or will it be larger since online? Will there be teacher cuts? The MOU states teachers might be switched to another site, when would a teacher know if they are moving schools.

13:20:33 From Desiree Weathers : How will SH classes work? Will opportunities for "in-person" be available at least once a week or more? Can IASHs rotate each day to provide in-person services for students so all students can be included?

13:21:34 From Daniel Paight : desiree, we won't know until the kids show up; if involuntary transfers are necessary, we follow procedures in article 10 of the cba

13:22:03 From Daniel Paight : whoops, not desiree, Hernandez

13:22:34 From Karen Bost : @Ms. Hernandez class size will follow what is in the collective bargaining agreement - Article 14. Teachers cannot be cut at this time unless they are temporary. Teachers can be moved according the transfer and reassignment article.

13:23:21 From Yvonne Sisk : In hybrid model, how do we teach students at the site and online at the same time? Do students at home do asynchronous activities only?

13:23:40 From Daniel Paight : yvonne: yes

13:23:48 From Carri Palos : If we choose to teach from home would we have daily access to the classroom for materials?

13:24:48 From Daniel Paight : carri: yes

13:24:52 From T Ray : can you go to site some days and home some days? do you have to wear a mask alone in classroom making videos/meeting with students?

13:25:03 From DJames : no tanks or daisy dukes??

13:25:17 From Daniel Paight : or you could choose to teach from your classroom

13:25:24 From Ms. Hernandez : So it's possible to start at one school and be moved to another school? Is this based on seniority?

13:26:12 From Carri Palos : If I choose to teach from school, would my own children be able to come with me to my classroom so I can make sure they are also doing their school work?

13:26:20 From Denise : Tracy- no mask if in class alone. Only when you go out of the room or have someone else in your room.

13:26:25 From Daniel Paight : Hern: just like any other year; staffing needs can cause transfers

13:27:00 From Karen Bost : @ Carrie : no

13:27:06 From Laura Anderson : Cari: no children on campus....that's why we have ability to teach from home

13:27:42 From Carri Palos : @Karen and Laura, thank you!

13:27:51 From Jennifer : Do we have to follow that schedule or do we have some flexibility? Like if we wanted to pull small groups and have kids come and go throughout the day. The timing might look different than blocked out on that schedule.

13:28:21 From DJames : IEPs ARE done online. also via phone. there are sign docs that have been created.

13:28:30 From Kirsten : Can we bring home the larger monitor and all the hook ups plus the Elmo to teach from home?

13:28:34 From Karen Bost : @Jeniifer they are samples

13:28:39 From Ms. Hernandez : Ok. This is my 2nd year in this district, so trying to get a grasp of a timeline of transfers etc... Thank you.

13:29:37 From Laura Anderson : Ms. Hernandez...transfers have happened within the first month of school but we often dont know until the kids show up

13:29:42 From Yvonne Sisk : Re: attendance: Do PE and other auxiliary teachers have a way to record attendance. How do we handle attendance for students who only show up part of the day?

13:29:57 From Laura Anderson : Our Collective Bargaining Agreement CBA cover the process

13:30:16 From Susan Harker : Can we teach 3 days at school and 2 at home or do we have one or the other

13:30:32 From Laura Anderson : Susan: you can split it up if you like

13:30:56 From Laura Anderson : Susan: you can even split a day in half as long as you can get to and from your home during your lunch

13:30:59 From Daniel Paight : yvonne: attendance for async time will be determined by work completion

13:31:53 From Susan Harker : @Laura what if we are teaching kinder. Can we do morning at school and afternoon at home?

13:32:46 From Laura Anderson : Susan: yes...as long as you can get home on your lunch...also, communicate that with admin/office so they know you aren't on campus

13:32:46 From Karen Bost : @Susan it depends if you can travel home during your non duty lunch time otherwise you are tied to your duty day

13:32:57 From Desiree Weathers : Will SH have more options for how classes will be run?

13:34:08 From Tara George : for the record form, are we filling one out for each individual child, or just one for our class. filling out a form per student every week will be very time consuming.

13:35:33 From DJames : pexi??

13:36:03 From Denise : @Desiree it is all online until we can move to a different model. You have options on teaching time with in our duty day.

13:36:49 From Denise : @Tera the form is being developed.

13:36:52 From Daniel Paight : desiree: the SH child is a difficult case; I would think you would want direct parental assistance in some cases, where you're giving direction to the parent on how to stand in for you in the moment

13:37:33 From Carri Palos : What about portable classrooms that don't have sinks, hand sanitizer goes very fast?

13:37:53 From Daniel Paight : hand sanitizing stations for all

13:38:17 From Carri Palos : @Daniel, thank you!

13:38:34 From Daniel Paight : supplies are to be replenished as necessary

13:38:53 From paight : What about the requirement to keep our classroom doors locked? Can we prop doors open?

13:39:12 From Desiree Weathers : @ Denise and Daniel Paight Thank you

13:39:25 From Debbie : Do the clear plastic dividers sit on the floor, hang from the ceiling, sit on a table? Do they protect us from direct air contact with a small group or a whole class?

13:39:41 From iPhoneBrandi : so no staff children

13:39:42 From Dgheen : You are able to prop your door open

13:39:59 From Daniel Paight : sit on a table (dividers)

13:40:00 From Yvonne Sisk : If we feel unsafe (no PPE, sanitizer, etc. unsafe protocols) what is the procedure we should follow?

13:40:18 From Denise : Brandi no students on campus, including teachers personal children.

13:40:30 From DJames : will they be individual pexi glass available for small group instruction>>

13:40:33 From Karen Bost : Checksheet is in the Appendix of the MOU

13:40:34 From Kirsten : Consumable materials for students; will students be given BM books and Eureka workbooks the first week of school?

13:40:37 From iPhoneBrandi : ok, just wanted to make sure

13:40:44 From Daniel Paight : yvonne: you notify site admin

13:41:02 From DJames : dan ty

13:41:05 From Christi Hiner : Can you talk about 5.1.3?

13:41:56 From Luisa Casarez : Will we get thermometers to check the students?

13:42:04 From iPhoneBrandi : no sure

13:42:05 From Daniel Paight : 5.1.3 we're checking for access; it they don't have access, we notify site admin and they take it from there

13:42:24 From Christi Hiner : ty

13:42:26 From Karen Bost : Luisa- no

13:42:31 From monicaplant : Yes, I agree with Christi 5.13 states that we are to provide alternative options for those students who do not have internet access.

13:42:53 From Laura Anderson : Kristen: it is our understanding that workbooks and BM magazines will be passed out with technology

13:42:56 From T Ray : are the skeletal lesson plans for online teaching or in class?

13:42:56 From Debbie : We heard that the D.O. was providing lesson plans for the first month.

13:43:23 From 7 32 bit : When working from home - how do we "take a sick day?" Do we have to notify families of a sick day?

13:43:32 From Dgheen : @kristen your school site will have a distribution plan to get the kids the work and supplies they need.

13:43:34 From Karen Bost : @Kirsten we do not know all of the exact materials that will be provided. that will be a district decision

13:43:44 From Denise : @Debbie - they are providing some guidance and suggestions, options

13:43:55 From Carri Palos : If someone on the school site is confirmed as Covid positive, what happens?

13:44:10 From Daniel Paight : monica: if all our efforts to provide access fail, then we're back to paper packets; keep in mind that the district has purchased 3,000 hotspots

13:44:27 From Yvonne Sisk : If site admin is not making sure protocol is safe, do we go ahead and do the unsafe protocol and grieve later, or is their legal protection if we don't comply.

13:45:23 From Denise : @Tracy Online

13:45:59 From Denise : @Yvonne, yes it needs to be reported to HTA as an unsafe working environment.

13:46:41 From Karen Bost : @Carri there will be protocols that will be in place. the District is also following guidelines of many organizations as listed in the second paragraph in the document

13:46:41 From Tara George : I have not seen this questions answered but it was asked so I'm asking again, When working from home - how do we "take a sick day?" Do we have to notify families of a sick day?

13:47:05 From Denise : @Tara, we will ask that at the end.

13:47:26 From Daniel Paight : A "roster" means children assigned to your class in Aeries

13:48:36 From Denise : @Dan, I also understand that teachers who have a set schedule meeting with groups of students should not be pulled to be a sub, (ie reading intervention)

13:49:09 From Daniel Paight : you would have to run out of PE and music teachers first

13:49:40 From Dgheen : @ Denise you are correct. other efforts should be made first :] but we can not promise they will never be asked to fill in.

13:50:08 From 93524622379 : Do we know about TB tests?

13:51:26 From paight : Last year, each site had a permanent sub attached to the school. Will the sites have this assigned sub this year?

13:51:58 From Karen Bost : TB tests were not discussed

13:52:11 From Susan Harker : Are they thinking that we will only go back hybrid this year and not traditional at all

13:52:30 From Aimee Clark : Will district-based TOSAs and COSAs be utilized as subs also?

13:53:06 From Ellie Frontiero : Do teachers have to be with district for 10 years or have 10 yrs of experience teaching to not be evaluated this year?

13:53:31 From Alisa's iPhone : I feel consistency is important. once we set up group times I feel they need to be at the same time each day. I'm a little confused how PE, music and LLI may work? especially if those teachers could be possibly pulled to cover a class.

13:53:32 From Dgheen : @ susan I can not say what the district is thinking but moving between the different models will depends on current situations.

13:53:54 From Ryan Packham : If you record lessons, is that considered synchronized or asynchronous?

13:54:16 From Kristina Tooley and Lisa Smith : What packets are we passing out?

13:54:36 From Dgheen : The difference between Syn and Asyn is if the teacher is live. a recorded video that you have students watch is Asyn

13:54:49 From Becky Trench : Where would I find a schedule for teaching a split class for elementary?

13:55:34 From T Ray : but could you start your day with

asynchronous and have first synchronous meeting at 9:00?

13:55:43 From Karen Bost : Becky ae you asking about a combo?

13:55:46 From Dgheen : @ Ellie the Mou states with the district for 10 yrs.

13:56:11 From Becky Trench : Yes, I will be teaching a 2/3 combo this year

13:56:38 From Ryan Packham : How many minute each day need to be synchronized vs asynchronous?

13:57:44 From Denise : @alisa yes, scheduling at the site will need to be coordinated

13:58:05 From Sierra Richards : Are subs expected to teach Synchronistic?

13:58:35 From Val : For parents with multiple students and just one computer how will this work????

13:58:38 From Gene Hernandez : Combo classes will be the most susceptible to being changed by enrollment volatility caused by always online clases. Be prepared to have your class collapsed. Just a heads up. (Fellow 2/3 combo teacher)

13:58:46 From Dgheen : @ryan the sync vs. async is outlined in the proposed schedule on pg 12

13:59:00 From Laura Anderson : Val: all HUSD students will be checking out a Chromebook

13:59:05 From Rudy Finale : Had to leave for a few minutes, did we discuss what we do when student does not have computer/internet?

13:59:07 From Dgheen : @ Val the district is providing chromebooks

13:59:22 From Laura Anderson : Rudy: All students will receive a CG

13:59:24 From Laura Anderson : CB

14:00:07 From Laura Anderson : Students without internet can get a district "hotspot" and if that is not an option, you will need to prepare packets

14:00:12 From Val : Is the District providing internet services?

14:00:20 From Becky Trench : Thank you, Gene

14:00:24 From Rudy Finale : Thank you.

14:00:28 From Kirsten : Will third graders be getting recorders for music at the beginning of the year?

14:00:53 From Laura Anderson : Val: Spectrum offered free internet durng the spring...district has 3000 hotspots to distribut

14:01:02 From Tonia Bramhall : What about Kindergarten minutes?

14:02:15 From Karen Bost : @Kirsten this is up to the District

14:02:42 From Ryan Packham : I don't see any specifics on how many of those 240 minutes need to be synchronous.

14:03:31 From Danko : I was looking for that too Ryan

14:03:39 From Karen Bost : Ryan there are no specific minutes to allow for teacher flexibility

14:03:53 From Dgheen : @Ryan you as the educator have the flexibility for specific min that need to be each as long as you follw Asyn and syn

14:05:01 From Tonia Bramhall : Are we allowed to use SeeSaw in place of Peardeck?

14:05:10 From Danko : Thanks for clearing that up

14:05:12 From Ann Kirkendall : tb tests due this year?

14:06:28 From Kirsten : Can you explain how subs will access our computers or teaching? Winchester School moved and I was not going

to set up my classroom until it was safer to be on campus. Will the sub need to work in my classroom?

14:06:28 From Karen Bost : @ Ann not discussed but the state has not waived them when working with children

14:07:27 From Jennifer : The instruction time for 5th is 240 minutes, but this is at minimum, right? Not that I want to keep them all day, but there could be more instruction provided if needed, correct?

14:07:41 From Kim : I went to my primary doc for my TB test and they faxed the result to the DO.

14:07:42 From yvonne and or dave : Will aides be given laptops and training?

14:07:47 From Tonia Bramhall : I just got notified about my TB on my paystub. I went to Kaiser to get tested and then asked to fax my results.

14:08:24 From Denise : @ Jen, you still have to work your duty day. You could be available for questions.

14:08:37 From Dgheen : @Tonia thank you

14:08:52 From Jennifer : Yes, for like question or is a student needs extra help, right?

14:09:03 From DJames : TY Karen

14:09:34 From Tonia Bramhall : How can Kindergarten test one on one without family assisting the students?

14:09:49 From Denise : Jen- yes

14:11:04 From Mrs. Jones' iPhone : Are you allowed to split time between working at home and school site? Do we have to tell our admin where we will be working each day?

14:11:32 From Laura Anderson : Mrs Jones: yes.....let your admin know and use your personal lunch to get from school to home

14:12:53 From Ryan Packham : The district said they were putting together the first six weeks of lessons for us. What exactly does that mean?

14:13:14 From Tonia Bramhall : Duty Minutes? What are we doing in place of that if any?

14:13:40 From Tonia Bramhall : How about Kinder partner time? If our planning time just our time?

14:14:22 From Denise : Tonia- I believe all k will be extended day, so they will have an aide, but not partner.

14:14:51 From Danelle Nagy : I was part of the 3rd grade team to create plans. We planned a lot of ideas and mock plans but you will want to fine tune them to your style

14:14:59 From Tonia Bramhall : How do we have extended day with 180 minutes of instruction?

14:15:02 From Richard Juarez : Are the parents responsible for student engagement and work completion?

14:15:35 From Kirsten : Can you repeat what you said about subs and having rooms set up at Winchester School. I had background noise.

14:16:32 From Jason Chrest : @Kirsten: subs could be asked to report to a separate location to conduct a given class

14:16:33 From monicaplant : Ok I understand that computer learning all day is not good BUT so is not being able to social distance at 6 feet it should not stated to as "best we can"

14:16:50 From Ann Kirkendall : Since parents will be able to look in on what we are doing, and might not fully "understand" what it looks like in class or online, they may be extra critical. Will we

have extra protection from being scapegoats, for lack of better words?
14:17:15 From Ms. Hernandez : Is the district going to provide supplies for students? Pencils etc...
14:17:23 From Karen Bost : 6ft is not a mandate for students. The 6ft is for staff from students

14:19:10 From monicaplant : Not trying to be disrespectful but we let the kids get sick? Social distance is for everyone. Please let me know where it states that kids don't have to be six feet social distance
14:19:11 From April Wayment : I saw that Kinder is to do 180 min of online time. What is the expectation for how the rest of our day is spent as TK/K teachers? and I'm assuming we are no longer doing "extended day"?
14:19:19 From Charlotte Callaway : Since we can't do testing in person for tris/initials for SPED, are we expected to wait to complete any testing until we return to campus? As far as I know, we don't really have options for online testing.
14:19:33 From DJames : head sets nnnice
14:20:11 From Ann Lind : GOOD IDEA!!! Headsets!
14:20:21 From Kim : My chrome books were picked up yesterday, but they didn't take the headphones. Are we providing headphone?
14:20:27 From Alisa's iPhone : Do we know what supplies will be handed out? pencils, paper, scissors???
14:21:11 From Debbie : Seems reasonable that we'll be taking equipment home to use? computers, charts, elmos?
14:21:12 From Deana Ackley : white boards and dry erase are needed for many math lessons.
14:21:15 From DJames : aides can do "break out" group
14:21:29 From April Wayment : can our Kinder aides be with us teaching from our classrooms?
14:21:37 From Laura Anderson : Alisa...schools are setting their own dates for distribution and most are the week before school from what I'm hearing
14:22:26 From Laura Anderson : Deana....there will be a "ghetto whiteboard" in CARE packages kids get....the page protector sleeve with cardstock inserted
14:22:30 From Karen Bost : @April it depends on what CSEA bargains
14:22:39 From Jennifer : I heard you talk about RSP time during asynchronously teaching, but did you talk about students who are pulled out for band, chorus, counseling, ect? Is this during instruction time and does it count towards this time? It seems it would be hard to make up this time. Sorry, if I missed it.
14:23:25 From Danelle Nagy : Jamboard in google is an awesome online whiteboard and if you use go guardian you can see what they are doing and then they can share it with you through google.
14:23:46 From Carri Palos : Jamboard is awesome and you can do so many cool things with it.
14:24:05 From Christi Hiner : Aides can create their own google classroom
14:24:07 From Alisa's iPhone : can we use zoom?
14:24:11 From Samantha McCrary : to what extent are we responsible for providing work to students that don't have or their internet doesn't work for an extended period of time
14:24:20 From Samantha McCrary : more specifically how do we get the work back from the student and will the district provide the

materials

14:24:26 From bonnieholland : do the students have access to jam board on their chrome books?

14:24:37 From Laura Anderson : Alisa...no....Zoom ran into problems with CBs....you are asked to use Google Meets

14:24:39 From Tammy Null : Will students needing reading intervention be given a small white board and marker, magnetic letters, ...? Unfortunately, they won't be able to receive the take-home books that were previously provided. They will only read the story during a lesson with me.

14:24:51 From Carri Palos : Jamboard is a Google app and they can access it in the waffle

14:24:51 From Carol : When the virtual academy is open . If a teacher signs up for virtual academy with a Doc. note will that teacher be put back onto distance learning academy? Will then be able to go back to hybrid in the event hybrid is happening? If there is not a position available what will be offered? What will happen if there is not a position available in the Virtual Academy?

14:25:13 From Danelle Nagy : @bonnie, yes. It is one of the nine dots in the corner on google

14:25:55 From bonnieholland : Thank you

14:26:18 From Samantha McCrary : I have the same question as Carol about the Virtual Academy

14:26:24 From Denise : Look for information on Reading Intervention in upcoming emails.

14:26:50 From Karen Bost : @ Carol that will be addressed in the interactive meeting

14:27:22 From Carol : Will It also be addressed in the MOU? I do not see that information available.

14:28:26 From Carol : @Karen is that interactive meeting the one that I need to set up with Jason Crest?

14:30:36 From DJames : good luck with that. hard enough with in person!!!

14:30:52 From Cheryl Richards : Are aides receiving training too in order to work virtually?

14:30:57 From pballinger : How can I get the recording of this meeting?

14:31:40 From Karen Bost : @ Cheryl the District will discuss with CSEA and we do not bargain for them

14:31:43 From DJames : has training been provided training for sped aides or any aides to date??

14:31:56 From Stephanie Buri : What about getting packets to students who need name practice and small motor skills practice, etc. especially for younger children?

14:32:30 From Dgheen : @DJames the District will discuss with CSEA and we do not bargain for them

14:32:43 From Laura Anderson : Stephanie: it's my understanding that it will be difficult to arrange regular distribution to kids outside of using Google Classroom

14:32:46 From DJames : just curious....

14:33:05 From Stephanie Buri : Thank-you

14:33:10 From Carri Palos : Thank you everyone for your help and answers!

14:33:17 From Susan Harker : Thank you

14:33:36 From DJames : thank you for this meeting. very helpful.

14:34:08 From Paula Sawyer : Thank You
14:34:13 From Jennifer : Thank you
14:34:18 From Jessica Bell : thank you
14:34:22 From Lisa Perez : Thank you
14:34:24 From Terra Sedgwick : Google Classroom is a difficult interface for students who don't know the difference between the letter A and number 7. SeeSaw, etc are more accessible interfaces for their levels.
14:34:25 From Stephanie Buri : Thank-you for all you do!
14:34:27 From Brian LaPera : Thank you
14:34:30 From Sierra Richards : Thank you!
14:34:30 From Claudia : Thank you.
14:34:37 From Maritza Ornellas : Thank you
14:34:37 From Terra Sedgwick : thanks
14:34:40 From S. Gaughan : Thank you!
14:34:41 From Cheryl Richards : We appreciate your hard work for us...
14:34:48 From Ellie Frontiero : Yes. There was a lot of information covered. I would like to review the recording of this meeting. Can you send me the link?

14:34:53 From Laura Anderson : Terra....set up a Google Classroom directing students to your SeeSaw LMS
14:35:32 From Shay Estrada : thank you
14:35:39 From Aimee Clark : Thank you HTA!
14:35:43 From Sandra Uribe : thank you
