

10:06:38 From Vanessa Scott : Karen!!!

10:13:36 From Erica Burrola : Just a heads up we are NOT planning specific plans for the 6 weeks. It's a Skelton of plans

10:14:37 From Colleen Barton : Thanks Erica - Yes resources and ideas of schedules and applying the resources.

10:15:51 From Dru Ream : Are they going to have sure the training is accessible to all. Other trainings have been limited in participants and those of us that don't live on our phones are always wait listed.

10:16:25 From James Walsh : I believe the tech fest will have sign ups

10:16:33 From Jaimie : Speech Pathologist here: How are we supposed to see all our students for speech when instructional minutes have been reduced? Can we see students outside of the designated instructional minutes?

10:16:55 From James Walsh : there is a block written in for pull out activiteis

10:16:59 From James Walsh : activities

10:17:09 From James Walsh : you will see when we see a sample schedule

10:17:13 From Sally Salter : Staff meetings and grade level meetings on the 12th or 13th CAN be on site or must be virtual?

10:17:15 From Erica Burrola : Dru Ream: I know for first grade we have two days for sign ups that will be assigned per school sight for next week.

10:17:38 From James Walsh : @sally virtual

10:17:40 From Deanne Freiberg : How many asynchronous and synchronous minutes per day? Total?

10:17:54 From James Walsh : there is flexibility Deanne

10:18:15 From James Walsh : if you have the MOU, schedules are on the last few pages

10:18:17 From Jenna Spinali : The instructional minutes are a minimum right? The students will be available for the entire school day for scheduling interventions, speech theray, etc.?

10:18:40 From James Walsh : @Jenna, short answer, yes

10:18:41 From David Sant Jordi Coronel : They are a minimum, Jenna.

10:19:26 From Ruth : Do we know if the Kindergarten KIAs will be available to help with small groups like they do in the classroom?

10:19:33 From Daniel Paight : yes

10:19:34 From James Walsh : they will!

10:19:44 From Ruth : Great thanks

10:19:55 From Cassandra : Will SPED, ELD, PE, MUSIC be pulling our students from instruction time, just like in class? If so, will they just give us the schedule?

10:20:04 From Daniel Paight : yes

10:20:16 From James Walsh : yes, I think it will make sense if you review sample schedule in MOU

10:20:25 From Daniel Paight : pe will not be prep teachers; prep is at day's end

10:22:04 From Jaimie : IEP days are not set up for all teachers having the same prep schedule. We have IEPs twice a week at times with meetings at the end of the day. Are gen ed teachers going to be available for that still?

10:22:19 From James Walsh : CBA = Collective Bargaining Agreement = Contract :)

10:22:57 From James Walsh : I think the idea is that IEPs could be scheduled during some asynchronous time? Dan, yes?

10:23:47 From Jaimie : We have them throughout the contract day with subs available.

10:23:48 From Daniel Paight : I was pondering that. How would roving subs work in an online model? I don't know.

10:24:32 From Daniel Paight : I suppose we would just schedule an hour of async time

10:24:35 From Sally Salter : How will subs work for any absence?

10:25:15 From Daniel Paight : tamara will address the sub situation

10:25:56 From Pa Koenig : For teacher who have aids in the classroom (kinder teacher here), any ideas what they can do to help support our students? Will they get a Laptop/Chromebook too?

10:25:57 From David Sant Jordi Coronel : Because Google Classroom is the mandated platform, but also because Google Classroom is not ideal for kindergarten/transitional kindergarten, may we use a supplemental platform, e.g., Seesaw, which is much more age appropriate?

10:26:37 From James Walsh : @Pa yes, that is the plan

10:26:39 From Daniel Paight : I don't think you'll get any push back on seesaw

10:26:57 From David Sant Jordi Coronel : @Daniel - perfect - thank you

10:27:08 From James Walsh : @David... if your google classroom simply redirects to seesaw, you are compliant

10:27:19 From Mirasol Gamboa Whitmore : My school is starting extended day Kinder and just hired a KIA,...hey put all new hires on hold. Will I be able to have her start on time for me to train her etc?

10:27:23 From David Sant Jordi Coronel : @James - thank you!

10:27:31 From Tyodites : Would fingerprinted parents be able to "pull" students for small group instruction virtually from their home to help as they normally would in the classroom?

10:28:29 From James Walsh : @Mirasol, we were told Kinders would have KIAs as usual

10:29:02 From Daniel Paight : tyodides: we did not address parent vols.

10:29:16 From James Walsh : @Tyodites that is a great question, it may be better directed at you principal

10:29:36 From James Walsh : *your

10:30:45 From Karen Bost : @tydides - section 9.16 no visitors on campus. Trying to eliminate extra exposure on campus

10:30:53 From Colleen Barton : It says to wear the mask at all times - even when alone in our room?

10:31:10 From James Walsh : @colleen not when alone behind shut door

10:31:37 From Colleen Barton : Thanks - clarifying since it says at all times:)

10:31:45 From James Walsh : for sure

10:32:06 From Rebecca Packard : My portable classroom does not have a sink and water. Can I request a portable hand washing station for my room?

10:32:24 From Daniel Paight : handwash stations will be provided

10:32:30 From James Walsh : @Rebecca, you can always ask

10:32:37 From James Walsh : more stations will be provided for sure

10:32:44 From James Walsh : not sure if every classroom though..

10:33:06 From Daniel Paight : should be for all classrooms, esp. those w/o sinks

10:33:19 From Karen Bost : hand washing stations may also be hand sanitizing to take care of rooms that do not have sinks

10:33:28 From Emily Hulstrom : Are we for sure going straight from online to hybrid or is there a possibility of going from online to full classroom?

10:33:32 From Cassandra Testa : Is it guaranteed that we will ease into a hybrid model first and see how it goes before doing a full reopening with the entire population?

10:33:50 From Bonnies Phone : have efficient cleaners been purchased for Physical Ed to clean equipment after each use?

10:33:59 From James Walsh : Emily def a possibility

10:34:05 From Ginger Cartmell : Can we use medical grade plastic visor masks? Children need to see mouths for learning their sounds?

10:34:17 From Daniel Paight : cassie: it will depend on state mandates

10:34:21 From Bonnies Phone : machines?.... wipes and sprays are time consuming

10:34:35 From James Walsh : they can transition between models in any order, with collaborative input from us

10:35:02 From Vanessa Scott : Assessment and Grading 7.2- Clarify administer all district assessments- MAP testing? Benchmark Advance tests? Eureka? Are we responsible for converting those assessments to fit our virtual learning? I strongly believe State testing should be waived for this year, though I understand that it is not up to us.

10:35:05 From James Walsh : @Cassandra, no guarantee

10:35:23 From Angie : So if we go back, and I have more students than other team members, some of my kids could be moved to another teacher?

10:35:28 From James Walsh : @Bonnie, the cleaners are in line with what is in Keenan training

10:35:29 From Jaimie : I work in skilled nursing as well as my school job. I work directly with covid patients. I noticed the MOU mentioned that I should not go to work if I have been exposed to covid. What is my responsibility when it comes to this issue?

10:36:17 From James Walsh : @Emily going between the models will be determined by the mandates. HTA will be a part of the discussion

10:36:44 From Sally Salter : What about teachers who have HUSD students? If that teacher is teaching on site, can their children be online in the same classroom if they are social distancing? (asking for another teacher)

10:36:47 From James Walsh : @Angie, yes, theoretically

10:37:15 From Karen Bost : @ Sally they can work from home

10:37:40 From Melissa Gavin : Can we use Zoom rather than Google Meet? In the spring we had freedom to do so.

10:37:49 From Karen Bost : @ Sally only during DL can they work from home

10:37:50 From James Walsh : @Sally, but you can NOT bring

your kids into work

10:38:04 From James Walsh : @Melissa, they want meet only
10:38:20 From Daniel Paight : Jamie: yours is a special case;
in your case I should think 'unprotected exposure' would be
reportable; do you have an N95 for your nursing gig?
10:38:21 From James Walsh : tech has found that zoom crashes
on our chromebooks frequently
10:38:34 From samanthablake : She skipped 9.20
10:38:42 From Cassandra : Are we able to go into work from
the class some days and work from home on others?
10:39:01 From Jaimie : Yes, N-95, face shield, goggles, hair
covering, two gowns, gloves, etc. I feel it's safe but want to make
extra sure I'm covered as it pertains to returning to school.
10:39:04 From Daniel Paight : for 9.20; we just post the vids
10:39:22 From samanthablake : Thanks :)
10:39:47 From James Walsh : @Cassandra, yes! :)
10:40:00 From Daniel Paight : Jaimie, I'd make admin aware of
your special situation if I were you.
10:40:19 From Jaimie : Thank you Daniel. He knows but I will
discuss with him again.
10:40:42 From amyhelm : Do we have to wear masks in
classrooms if we have a classroom aide? Can we stay 6 feet apart and
not be masked?
10:41:12 From James Walsh : @amyhelm, my understanding is
that if you are in the same room you need masks
10:41:49 From Denise : I have two or three aides that work
with me in my classroom. Is it still considered social distancing
with three or four adults in my classroom?
10:42:02 From allisonbrown : 5.1.3 stated alternative options
need to be provided by teacher for students that do not have internet
access. What will that look like? Are there examples that came up
like making packets for them, how we would get it to them it we are
not to be meeting with the students?
10:42:08 From James Walsh : adult distancing is defined as at
least 6 feet
10:42:27 From James Walsh : packets could be distributed
during food pickup
10:42:44 From James Walsh : I would start with a telephone
call to work out a plan
10:42:52 From Daniel Paight : distancing depends on the room
size; under the hybrid you'll have about half of your students
10:43:45 From Sally Salter : So will a sub have access to
your computer??
10:43:49 From Alicia Myers Payne : Should those sub plans be
for online learning?
10:43:53 From David Sant Jordi Coronel : I didn't catch the
answer to the medical grade face shield in lieu of a mask so that the
children may see my facial expressions and mouth movements (kinder
teacher here)
10:43:55 From Jordan Yohe : If I choose to work from the
classroom am I expected to stay for the entire contract day? Or can I
do partially at home?
10:44:02 From James Walsh : @Sally, not your computer, your
digital items
10:44:41 From James Walsh : @David, I believe face shield
with the bottom piece that tucks into your shirt is an acceptable
alternative

10:44:50 From Karen Bost : @jordan if you can get home during your lunch time. Otherwise you would cut into your instruction time

10:44:53 From David Sant Jordi Coronel : @James - thank you

10:45:24 From Daniel Paight : on 5.1.3 admin has purchased hotspots to hand out; for those who live in an area that even hotspots will not function, I think we're looking at phone instruction (student could join by voice only on a landline) or paper packets

10:45:29 From James Walsh : @Jordan, at the very least this should be a conversation with your principal, if they think you are on campus and there is an emergency...

10:45:50 From James Walsh : @Nancy, it is a suggestion

10:45:59 From James Walsh : if you can run what you need to you should be fine

10:46:14 From James Walsh : I can run three computers streaming like this with 10 mbps

10:46:36 From Jspragg : Other districts are offering daycare for there teachers who have young children. Was there any discussion about this or if the teacher can bring their own child into their classroom with them.

10:46:59 From Cassandra : Other than stepping in for possible subbing, what will the PE, music, etc. teachers be doing? Will they be providing asynchronous or synchronous time for teaching? Is that something I need to work into my daily schedule?

10:47:00 From James Walsh : @Jspragg the best we could do is ability to work from home

10:47:12 From James Walsh : We thought this was a solution that helped the most people

10:47:17 From Jaimie : What about child care once hybrid model starts?

10:47:20 From James Walsh : while allowing to go in if you prefer

10:47:50 From James Walsh : @Jaimie, that is going to be very difficult

10:47:50 From Sally Salter : Sorry if I didn't hear or misunderstood: I may have a SPED student on my class list. Will he attend my virtual classroom or will he be with our SPED teacher?

10:47:55 From James Walsh : I am in same boat!

10:48:15 From James Walsh : @Dan, can you answer Sally's question

10:48:29 From Tyodites : Lunch in the classroom too?

10:48:42 From James Walsh : No on lunch

10:48:52 From James Walsh : DUTY FREE!!

10:49:45 From Bonnies Phone : if the minutes for PE have changed and the district sees they we can be used in other areas , how will PE teachers be protected when budget cuts call for reducing teachers?

10:49:48 From Llocke : i'm not able to follow the chat and listen at the same time very well. Could we please get these questions and responses copied and pasted into a document? Thanks.

10:50:24 From Sally Salter : @Llocke, yes, please!

10:50:45 From James Walsh : we are making a FAQ from chat questions that will be answered on website as well

10:50:58 From James Walsh : you can also save the chat as a textfile

10:50:59 From Sally Salter : Great!

10:51:00 From Michelle Sofranko : How are students going to get on-line instruction in the hybrid model if we are teaching in

class with some of our students?

10:51:02 From Elizabeth Padilla : Can you elaborate on 7.1 of the contract...

10:51:03 From Karen Bost : @Bonnie they would have to follow the Ed code in reduction of force

10:51:07 From James Walsh : hit the 3 dots next to file

10:51:37 From James Walsh : For hybrid, all of the online will be asynchronous

10:52:10 From Melissa Gavin : Can you repeat how the elementary PE make work? Will they set up a normal prep schedule and do whole class PE virtually? Will I need to work my daily schedule around that?

10:52:11 From Alicia Myers Payne : Do we have a certain platform that is approved (Google Voice?) for contacting parents by phone if we are working from home?

10:52:25 From nancygutierrez : when we go hybrid what will group counseling look like, we normally pull students from different classrooms for groups and some of us have tiny office spaces. Not to mention mixing students from different classrooms...?

10:52:35 From Daniel Paight : GV would work, or you can make a call through gmail

10:52:38 From James Walsh : @Alicia, if you are in gmail, there is a make phone call button on right

10:53:08 From Sally Salter : If parents opt for the (official) Virtual Academy, our principal said yesterday that it is a full year commitment, meaning parents can't jump back and forth. Is this info. correct?

10:53:10 From samanthablake : 5.1.3 Does this mean we can send actual paper work or ? What is another example?

10:53:19 From Jenna Spinali : Is it possible to specify that reading intervention teachers won't be used for subbing or other duties that pull us from our instruction?

10:53:33 From Sally Salter : And if there are not enough teachers who volunteer to teach there, what happens then?

10:53:36 From James Walsh : @nancy, just spitballing, can counseling during hybrid be done online during async time?

10:53:44 From Daniel Paight : GV would be better if you want the parent to be able to call you back directly on your phone

10:53:54 From samanthablake : If we are all doing synchronous in the AM we will likely not reach all students that have multiple children in one home or have special ed students.

10:54:13 From James Walsh : @Sally, we are asking for a year long commitment, but the law protects their right to return

10:54:52 From James Walsh : @samantha, packet distribution could feasibly be done during food distribution

10:55:46 From James Walsh : @Jenna, teachers who have regular duties that are not eliminated are not what that language is aimed at

10:55:54 From nancygutierrez : @James W prior to the end of school we were not allowed to do ind or group due to confidentiality, we have not heard if we will or not be able to do so this year virtually, same with hybrid not really sure

10:57:23 From Jenna Spinali : @ James The language of the MOU says certificated unit members without rostered students which describes reading teachers. Can we be specifically excluded from that group in the document? It seems unclear.

10:57:58 From Jaimie : Same for SLPs. We don't have a roster. Can we be excluded too.

10:58:17 From Joey : Reading Teachers--Could we provide a caseload list that would be considered a roster?

10:58:28 From Melissa Gavin : Can you repeat how the elementary PE may work? Will they set up a normal prep schedule and do whole class PE virtually? Will I need to work my daily schedule around that?

10:59:11 From Cassandra Testa : School Psychologists, also with the SLP and Reading Int

10:59:17 From Rebecca : Instead of using a sub while doing online learning couldn't we just have the students work asychromously for that particular day and we just upload pre recorded video lessons?

11:00:01 From James Walsh : @rebecca, to an extent... but you must have some period of live content every day

11:00:24 From Alicia Myers Payne : Will subs be provided devices?

11:00:27 From James Walsh : *contact

11:00:38 From James Walsh : @Alicia, I believe so

11:00:59 From Vanessa Scott : Please clarify Assessment and Grading 7.2- Clarify administer all district assessments- MAP testing? Benchmark Advance tests? Eureka? Are we responsible for converting those assessments to fit our virtual learning? I strongly believe State testing should be waived for this year, though I understand that it is not up to us.

11:01:47 From Melissa Gavin : @Jeff, Thanks!

11:03:50 From Melissa Gavin : Will Chromebooks have access from home to STAR and MAP test?

11:04:13 From James Walsh : Great question melissa

11:04:17 From Sally Salter : Still need to know about SPED students--in my virtual class or with our SPED? (our SPED has a super low class load.)

11:04:23 From James Walsh : I would guess, if not, no MAPs

11:05:05 From Jenna Spinali : So to be totally clear, reading intervention teachers will not be asked to sub or re-engagement team (except for our own students that we work with).

11:05:49 From Melissa Gavin : We will be going into this blind without any assessment data from the spring. We need a way to assess their current levels.

11:06:44 From Asandoval : As a counselor, I know that the elementary counseling team did reach out to the parents and students when the teachers could not get a hold of them. I even called parents' work to get a hold of parents. We will definitely help out again with re-engagement! :)

11:06:44 From Rebecca Packard : Are there specifics regarding 6th period elective? What will stay intact what will be 'paused' ? Curious about yearbooj, leadership etc...

11:07:22 From Vanessa Scott : But also Benckmark and Eureka assessmensts?

11:07:33 From James Walsh : @rebecca, site budgets including FTE's have been reduced... but if your program remains in place...

11:09:42 From James Walsh : @Jenna, that is my understanding

11:11:43 From Coyles : To clarify, physical education teachers are just going to support classroom teachers and not teach pe because the minutes are not mandated?

11:12:01 From Rebecca Packard : Will meal distribution continue just one day a week?

11:12:09 From James Walsh : good question
11:12:17 From James Walsh : I think it will be more frequent
11:12:45 From KWoodard : What about elem. science and social studies? Are they going to get their text books along with devices?
11:13:01 From Melissa Gavin : How does the district plan to get the curriculum to students? Benchmark booklets, Eureka worksheets, SS workbooks, etc.
11:13:46 From James Walsh : textbooks are to be distributed with chromebooks
11:13:52 From Alicia Myers Payne : Do we know when?
11:14:27 From James Walsh : at my school it is the week of the 10th...
11:14:44 From James Walsh : but that is by school

11:15:02 From Rebecca Packard : James- was that a site decision as to when to distribute and how are you doing that?
11:15:02 From Sally Salter : @KWoodward, we've been told no non-consumable books will be sent home (per Annette Davis-Thole)
11:16:22 From Sally Salter : Have principals been briefed on this MOU? Yesterday our principal told leadership that all meetings first week teachers are back are ON SITE except for the tech fest. But this would include staff meeting and grade level meetings, which he said were on site.
11:16:23 From Pa Koenig : Our kinder aides usually help pull students to work 1:1 or in small group. Having a device would help them do this.
11:16:40 From Vanessa Scott : Are lunch periods to be figured out by site, teacher, district?
11:17:05 From James Walsh : @sally, your principal is wrong
11:17:12 From Cassandra Testa : 10.8 seems to compel staff without a roster to serve as a substitute, even though you guys said that is not the spirit of the statement. Can this language be officially clarified?
11:17:19 From Srangel : They are working on sending kits to students. They said that whatever the students need the district is going to provide it.
11:17:40 From Melissa Gavin : SS and Science aren't online and district isn't purchasing new ones.

11:18:09 From Angie : Will food be distributed one day a week like during the summer?

11:18:30 From Karen Bost : @Sally the language is clear while the district is all online all meetings will be virtual. Also while the District is online unit members have the choice of where to work.
11:19:30 From Melissa Gavin : In the spring they were collecting SS consumables to make hard bound books over the summer.
11:19:48 From Sally Salter : @Karen Bost I assumed that was so, and even questioned him twice. Thank you for clarifying. Do I correct him? (awkward...)
11:20:35 From Vanessa Scott : Are lunch periods to be figured out by site, teacher, district? 30 mins only?

11:20:49 From Rebecca Packard : Middle School History SS Curriculum was purchased and is online.
11:21:25 From Melissa Gavin : This was for elementary.
11:22:05 From James Walsh : generally principal, hopefully

team, Vanessa

11:22:27 From Rebecca Packard : Can we Middle School teachers who are present be able to attend the secondary meeting for information specific to middle school?

11:22:42 From Cassandra Testa : 10.8 seems to compel staff without a roster to serve as a substitute, even though you guys said that is not the spirit of the statement. Can this language be officially clarified?

11:23:22 From Joey : Yes, can 10.8 be clarified?

11:23:27 From Jenna Spinali : Yes!!!!

11:24:41 From Jaimie : There's not enough time in the sample elementary schedule to fit all speech students' services in. Can students be pulled during synchronous instruction?

11:25:04 From Melissa Gavin : Is there a chance we could go to hybrid before November?

11:25:13 From Sara Necochea : How do we save the chat? Sorry, I missed it.

11:25:51 From Vanessa Scott : click the 3 horizontal dots at the bottom of the chat

11:25:53 From Karen Bost : @ Melissa it will depend if we are of fthe watch list

11:26:00 From Karen Bost : off not of

11:26:59 From Cassandra Testa : LOL, thanks Dan!

11:27:24 From Susanne Brogan : THANK YOU, Negotiations Team and Karen! This has been wonderful, and I feel it has eased many, MANY concerns. You are appreciated!

11:27:26 From Cheryl Brock : Thank you!

11:27:31 From allisonbrown : Thank you

11:27:32 From Allison Johnson : Thank you!

11:27:33 From Alicia Myers Payne : Thank you!

11:27:39 From Cassandra Testa : Thank you all for your work!

11:27:40 From Asandoval : thank you

11:27:42 From Kelly Brengle : Thank you!

11:27:44 From Lori Weaver : Thank you! Very informative.

11:27:46 From Kristyn Spranger : thank you

11:27:46 From Anna Silos : Thank you!

11:28:04 From Mlopez : Not true. I was an LLI teacher before and I was asked several times to sub and cancel my groups. Due to shortage of subs.
